

Don't Forget to Collect & Enter Pecans for the 2025 State Pecan Show

Becky Carroll

Senior Extension Specialist

The 2025 crop will soon be coming in as harvest will begin in the next couple of weeks. From visiting with people around the state, it seems like we will have a good crop this year. Samples can be from commercial growers, hobbyists, or homeowners.

Don't get too busy that you forget to set aside some of your best pecans to enter the Oklahoma State Pecan Show. Entry numbers have been low for the last few years. Send in your samples to compete for Best in Show!

If you'd like to learn more about the Oklahoma State Pecan show and how to submit a winning sample, the Pecan Topics for November 2020 webinar has a presentation that you can view at - <https://www.youtube.com/watch?v=qa17NtN0Ab8>

If no county/area show is available, growers may enter pecans directly by sending samples to:

Cimarron Valley Research Station

Attn: Becky Carroll

10820 South Jardot

Perkins, OK 74059

Samples should arrive by January 23, 2026.

Samples should be entered in a **sealed** plastic or paper bag. Label the bag on the outside and place a label inside the bag. Information should include exhibitors name and address, county, and type of pecan entered. Be sure to follow the guidelines that are listed below before sending entries.

A few helpful hints: Take the time to select pecans that are all the same cultivar, or same size and shape natives – ***don't send mixed pecans (they will be disqualified)***. Select uniform, clean, uncracked pecans. Presentation can make the difference between two very similar samples. Make sure to send 2 pounds of pecans in a labeled and sealed bag.
